Special Thanks

Thanks first and foremost to all of the contributors of this project, particularly Yves "Bar-91" who spent a lot of time playtesting the scenarios and provided me with complete and detailed material on the battle of Cherbourg, including some very interesting maps.

Additional thanks to Jacques "jdrommel" for giving me permission to use some of his scenarios for the campaigns. The campaigns would not have been the same without him...

A special thanks to Jesse "rasmussen81" who spent a lot of time proofreading the English version of the scenarios, the campaign rules, and the campaign sheets!

Last but not least, thanks in advance to the players who will play the Battle of Cherbourg: creating campaigns wouldn't make sense if you were not here to play them!

Have fun!
